RELEVANT EXPERIENCE

Audio Designer & Max/MSP Developer | SOPI Research Group – SonicMove

Aalto University – Helsinki, FI | May 2025 – December 2025

- Designed and implemented real-time sensor-driven audio-synthesis integrating motion capture (Xsens) and depth-camera data, through Max/MSP, PureData and custom JavaScript/Python frameworks.
- Developed advanced signal analysis pipelines including FFT, MFCC, correlation, and feature-mapping for multimodal performance environments.
- Developed a preliminary computer vision and sonification system for hand rehabilitation, enabling posture, gesture, and movement analysis for therapeutic applications.

Research Assistant (MA Thesis Worker) | Acoustics Lab

Aalto University – Helsinki, FI | April 2024 – December 2024

- Conducted artistic research on Active Acoustic Enhancement (AAE) in electroacoustic music, examining how variable acoustic environments influence composition and performance.
- Created a site-specific electroacoustic piece integrating real-time acoustic manipulation titled "Paradosso".
- Developed Max for Live tools for AAE control and technical integration of the system into AVB-based audio environment.

Research Assistant | Department of Art and Media

Aalto University – Helsinki, FI | November 2023 – October 2024

- Provided AV support for teaching, events, and workspace maintenance.
- Organised technical setup for Winter DemoDay, Aalto Summer School, and Helsinki Design Week, including space planning, event website updates, and student support.

Research Visit | Project MINERVA

UrbNet – Aarhus University, DK | September 2023 – November 2023

- Developed Max/MSP data-sonification of the Roman road network using graph theory.
- Composed soundtrack for animation at the Museum of Ancient Art and Archaeology.

RELEVANT WORKS, PRODUCTIONS AND ACTIVITIES

VK2025

Sound Designer.

- 06.06.2025 Marsio Stage, Espoo, FI.

Projection Mapping Workshop

Co-organisier/instructor: workshop included lectures, case studies, and practical group activities using TouchDesigner and Resolume Arena.

- 06-08.12.2025 Recontemporary, Turin, IT.
- 10-11.05.2025 Recontemporary, Turin, IT.

Paradosso

Composer/performer: piece for alto saxophone, live electronics and active acoustics.

- 19.12.2024 Marsio Cinema, Espoo, FI.

Persi nel Tempo

Composer/performer: piece for 6 saxophones & live electronics.

- 12.04.2024 "Sonic Explorations": Conservatory Umberto Giordano, Foggia, IT.

The Sound Memory of the Ruff

Composer/sound designer; original music, foley, mixing & mastering for video installation.

- 06.01 - 11.02.2024 Kulttuuritalo Laikku, Tampere, FI.
- 28.03 - 21.04.2024 Galleria Huuto, Helsinki, FI.

The Hidden Harmony

Installation; Max/MSP & Max for Live tool for synesthetic audio-visual exploration.

- 15.06 - 17.06.2023 Sónar+D Project Area, Barcelona, ES.

Näytös23 Graduation Show

Composer/performer; original score & live performance

- 26.05.2023 Otakaari 5, Espoo, FI.

NOVA MEDIA STUDIO**Co-founder & Audio/Visual Artist**

Turin, IT | 2024 – present • novamediastudio.co

Nova Media Studio is a multidisciplinary duo co-founded in 2024 with Federica Sorba, focusing on immersive experiences through the combination of audio and visual media — ranging from live A/V performance to site-specific audiovisual installations. The studio's practice centres on projection mapping as a means to mediate visual content through architectural space, investigating space itself as a cornerstone of non-linear narrative. As co-founder, my contribution spans both audio design and composition as well as visual production, live performance and system design.

SELECTED PROJECTS & PRODUCTIONS

- | | |
|-------------|---|
| 2026 | Sincronia
Video Mapping & Live A/V Performance Fort Jesus (UNESCO), Mombasa, Kenya
(commissioned by Italian Institute of Culture / Embassy of Italy)

Aererna
AV Installation & Video Mapping – OGR, Turin (w/ ROOM)

Specchi
Interactive Generative Installation – Torino Creativa, Spazio Baôm , Turin

VFX Animation – Nick Ervinck / Angelino Artworks / Spazio Paradiso |
| 2025 | Iosonouncane & Daniela Pes
Media & Camera Operator / Live VFX – Club2Club, Turin

L’Affine del Mondo Gio Evan Italian Tour
Visual Content & Custom TouchDesigner system – National Tour

Tempo Organico
AV Installation & Video Mapping with Live Performance – Seminaria Sogninterra
Biennale, Maranola

A Night at GAM
Live A/V performance – GAM Galleria d’Arte Moderna, Turin |
| 2024 | Beyond the Portal
AV Installation & Video Mapping – OGR Torino (w/ ROOM)

Dreaming
Projection Mapping Performance – Reggia di Venaria (UNESCO), Turin |

PUBLICATIONS

Sensing the Invisible

Architectural approaches to sonifying microbial life in Icelandic turf houses through VR.

Co-authored with Aurora Navarro Villacampa, Pia Fricker, Sigurjón Baldur Hafsteinsson, Tinna Grétarsdóttir.

Accepted for presentation at the 43rd eCAADe Conference (Education and Research in Computer Aided Architectural Design in Europe)

- 01.09 - 05.09.2025 Ankara, TR

Deep Learning with Audio

An Explorative Syllabus for Music Composition and Production

Co-authored with Koray Tahiroğlu, Shenran Wang, and Jackie Lin.

- 01.09.2023 International Conference on AI and Music, Sussex University, UK

EDUCATION

PhD Candidate, Department of Art and Media | Aalto University

Helsinki, FI | 2026 – present (interrupted)

MA Sound in New Media | Aalto University

Helsinki, FI | August 2022 - January 2025

GPA 4.71/5

BA Classical Saxophone | Conservatory of Music "C. Pollini"

Padova, IT | September 2017 - October 2020

Graduated with 110 cum laude/110

TOOLKIT

Audio & Creative Tools | Ableton Live, Max/MSP, TouchDesigner, Resolume Arena, Reaper, Cinema4D, Blender, Adobe Creative Suite

Skills | Sound Design • Audio Production • Audio Engineering • Live Performance • Interaction Design • Visual Design • Graphic Design • Video Production • Photography • System Design • Artistic Direction • AV Equipment Management • Technical Coordination • Programming (JavaScript, Python)

Languages | Italian (bilingual), English (bilingual), Romanian (basic)
